

Arizona Silver Belt

THURSDAY, FEBRUARY 11, 1897.

LOCAL NEWS.

The first party of the Globe Social Club will take place next Saturday evening, Feb. 13.

Alex. Borquez who has been in Los Angeles since last fall, returned home yesterday much improved in health.

Mrs. A. C. Luck and son left this morning for New York, expecting to remain on the Atlantic coast until next fall.

James A. McClurg, a well known mining expert, of Denver, Colo., is in Globe, to examine mines in this district.

James Younger, representing the well known firm of H. B. Claffin & Co., of New York, was here for several days the past week.

The family of Alonzo Bailey have moved into their new home in Los Angeles, which is one of the handsomest residences in that city.

The Old Dominion Copper Company, on Tuesday, shut down their small furnace, which is badly out of repair, and blew in the large No. 2 furnace.

Miss Madge Rogers wishes to announce she will take a limited number of pupils in voice culture and elocution. Call at the parsonage. Terms, 20 lessons for \$30.

Knight Parker, agent for E. J. Jacobson & Sons, of Safford, is now prepared to take orders for all kinds of building material—both native and California lumber—and give prompt attention.

Tom Davis, whom everybody knows, is expected in Globe within a few days. He is representing Bridge, Davis & Co., merchant tailors of Chicago, who are artists. Mr. Davis will show a superb line of samples in spring and summer suitings.

Postoffice Inspector Fredericks arrived last night. This is his first visit here and he is surprised at the large business transacted through the Globe office. It is now nearly two years since an inspector was here previous to Mr. Fredericks' arrival.

Information is wanted of J. H. Jackson, better known as Harry J. Jackson, who lived in Globe in 1883. Persons knowing anything about him or his present whereabouts will confer a favor by writing to Geo. R. Jackson, Church street, Halifax, N. S.

Col. Jas. A. Fleming, president of the Black Warrior Copper Company, left on Wednesday for Phoenix. He is well satisfied with the progress being made in the development of the Black Warrior property, which gives promise of becoming one of the great copper mines in Arizona.

The Globe electric light service is giving very good satisfaction. There are now 180 lights in use, which number will not be increased until a larger dynamo is put in and other improvements made. Mr. Bauer is deserving of praise for his enterprise and every encouragement from patrons.

It is reported by a passenger who arrived on yesterday's stage, that C. P. Huntington, president of the Southern Pacific, was at Geronimo in consultation with Wm. Garland, president of the Gila Valley, Globe and Northern railroad, which is supposed to foreshadow the early extension of the railroad from Geronimo to Globe.

Superintendent N. L. Amster and Edmond de Stoutz, M. E., who were in town a few days ago from the Continental mines, spoke encouragingly of the development work going on in that property. The shaft is down 100 feet and is in iron. At a depth of 50 feet a station is being cut, which is in the finest kind of ore. Work is to be resumed in the tunnel at once.

A grand masquerade ball will be given on Washington's birthday, February 22, at Parker's hall. There will be four pieces of music. Four prizes will be given—for the best dressed lady and gentleman, and for the best sustained lady and gentleman characters. An excellent supper will be served by the ladies in the building. Floor committee: L. C. Woods, A. Flood, Knight Parker and A. Moore. Admission \$1.00; ladies free.

The Globe Commercial Club gave a dance at Parker's hall last Saturday night, which was a very pleasant affair, although the attendance was not what it should have been, owing doubtless to the inclement weather. The Commercial Club is an organization in which the business men and citizens of Globe generally should take a more lively interest. It was organized to advance the material interest of Globe and has already accomplished good, and we hope to see the club strengthened and liberally supported.

For Sale.

Two houses, of four rooms each, centrally located on Pine street. A good well of water on the premises. Both houses rented. Apply to
JOHN HOLMAN, Globe, Ariz.

Rev. L. L. Rogers went to Upper Salt river valley yesterday to hold religious services there last night and this evening. We know he will be hospitably received, and the people of the valley will have the opportunity of hearing one of the most earnest and eloquent preachers who ever filled the pulpit of the M. E. church in Globe.

Charles T. Martin, M. W. of Globe Lodge No. 15, A. O. U. W., left last Friday for Logansport, Colo., as representative of the Globe lodge to the eighth biennial session of the Grand Lodge, Colorado, New Mexico and Arizona jurisdiction, which convened in Logansport on Tuesday, the 8th inst.

The time card of the Globe and Mesa stage line is published in this issue of the Silver Belt. The route via Riverside and Florence is the most direct for travelers to and from all points west, offering the advantages of quick time and cheaper fares than by any other line. Comfortable four horse coaches are run and good accommodations are provided at Riverside where travelers stop over night.

Dudley Craig and E. E. Jones made a flying visit to Globe Monday, coming over the trail from Pinal ranch. Mr. Jones is from Bloomington, Ill., and is spending the winter at Tempe, where he has invested considerable money. He was very favorably impressed with Globe, and expressed his intention of returning here soon to examine further the resources of this district with the view of probably investing money in Globe.

The billiard tournament at the Cafe Royal came to a close last night. Murray James proved invincible, having won all of the seven games played, and takes the prize cue. G. J. Stouman, Mills Van Vliet and John Holman tied for second place, each with four games to his credit. Lyman Woods and Dr. T. S. Collins won three games apiece, and Dr. J. A. Lord was successful in two games. Floyd Blevins made a good showing in several games but succeeded in winning only one. Lyman Woods won the champagne by making a run of 30, the largest scored in the tournament.

A very fine specimen of coal from the San Carlos coal fields was brought to our office on Tuesday. It is from a claim in the middle field owned by S. B. Henderson, Chas. Rogers, D. L. Edwards, Lemon and others, who are also jointly interested in a number of other claims in the same locality. The sample left with us was taken from a three foot ledge at a depth of 30 feet, and the quality is as fine as any coal we have seen from the San Carlos fields.

There are two parallel ledges on the claim, one above the other and which have a considerable dip. The lower ledge, which has not yet been reached in sinking, is wider than the upper one where they crop, and it is believed to be a very valuable deposit.

On Monday morning at 4 o'clock burglars entered the saloons of Chas. Holman and E. P. Drew at Casa Grande. Before doing so they entered a blacksmith shop and obtained the tools necessary to force an entrance. The safe in Holman's place was blown open and \$175 taken, \$75 being in coin and the rest currency. The place of Ed Drew then received attention and the safe was blown open there, but the daring rascals became frightened and left before obtaining anything of value except two bottles of fine whisky, warranted to cheer but not inebriate. Two men are now under arrest for the safe cracking.

(Florence Tribune.) The Tempe News of the 6th reports that the two men were captured by a posse in a haystack 20 miles south of Casa Grande. All the money got by blowing open the safes, \$175, was recovered. They had taken all the whisky they could carry inside and out, and this, perhaps, accounts for their early capture. Both are strangers. They were lodged in the Florence jail.

TONTO BASIN NOTES.

A letter received from Rye gives a very favorable account of mining operations in that section. On the 1st inst. the first payment of \$2000 was made on the Mazatzal copper mines, bonded to E. E. Wann, which probably insures the sale of those valuable properties. A larger force of miners has been put to work to develop the mines systematically.

Irvine House is working his mines, which are old claims of established value. John Markus has struck it rich in the Mildred, and F. M. Brady has purchased an interest in that mine.

A. L. Sutton and Mr. Ingram also have made an important discovery of ore on their claim three miles from Rye postoffice. The ledge is said to be 14 feet wide, all of which assays from \$25 to \$30 in gold. They will sink on the claim and now have plenty of ore which they will arrange. The mines about Payson are being developed and the season promises to be one of great activity in mining.

The outlook for the stock interest in Tonto Basin is also bright. The copious rains insure a good grass crop and cattlemen are happy in consequence.

UNITED GLOBE MINES

Added to the List of Copper Producers.

An Enterprise That Means Much to Globe.

The present week has witnessed the commencement of active operations by the United Globe Mines, an enterprise of great importance to Globe, and which, it is confidently believed, will become one of the largest copper producers in Arizona.

The company is one of the strongest corporations, financially, operating in the territory, and owns a great property, comprising some 30 mining claims, a splendid smelting plant, cable tramway and other improvements necessary to the successful operation of the mines.

The first trial of the cable tramway was made on Monday afternoon and it proved a complete success, requiring no alteration or readjustment whatever. The tramway is of the improved Bleichert pattern. The line runs from the Buffalo ore bins to the smelter, a distance of 3000 feet. The cables carry 30 buckets, with a capacity sufficient to meet all possible requirements for the future.

The 36-inch water jacket furnace was blown in this morning, and under the experienced management of Robert McBroom, smelter foreman, success is assured.

The supply of ore is drawn principally from the Hoosier, Buckeye, Dime, Big Johnny and Birdnest. Ore from the Hoosier territory is conveyed in cars drawn by mules to the upper tramway terminal, and from the Big Johnny, Buckeye and Birdnest by the traction engine over a comparatively level road.

The principal development work has been directed toward the opening of the Hoosier claim and adjacent territory between it and the Dime, in Copper canyon, and the several claims included in this ground are expected to supply most of the ore, although the Big Johnny is showing up well and will make a considerable output.

Superintendent E. H. Cook has reason to feel gratified by the success achieved. The building up of an enterprise of such magnitude in a locality far removed from railroads and sources of supply is attended by many difficulties, and we may all rejoice that in the case of the United Globe Mines they have been overcome and the enterprise successfully inaugurated.

Dramatic Entertainment.

There is a great treat in store for the people of Globe on the evening of Feb. 11th, at Parker's hall. It will consist of a farce-comedy, "Dearest Menem," in three acts.

A bright, witty, character quartette, "The Professor at Home," will be used as a curtain raiser.

The Professor..... W. W. Brookner
Tax Collector..... H. C. Hitchcock
Prima Donna..... Miss Madge Rogers
Announcer..... Miss Sadie Ramsdell
The proceeds will go for the last payment on the church piano.

An Important Improvement.

The Old Dominion Copper Mining and Smelting Company has decided upon an important improvement to be made at the smelter. A new Nordberg Corliss engine, 22x30, has been ordered. It will run two No. 7 blowers to supply the blast to the two large rectangular furnaces, for which purpose the present plant is inadequate. The new engine will not only do the work of the three small engines and steam pump now in use, but will also supply power to run a drill press and special tools which have not been heretofore used.

Provision will also be made ahead for an electric light plant, of 125 16-candle power, incandescent lights, for lighting all the surface works at the smelter and mine. This electric plant may not be put in for some time yet, awaiting the decision of the Boston office.

The plans and specifications prepared by Superintendent S. A. Parnall provide for the enlargement of the engine room to dimensions of 46x37 feet, and for other desirable changes. The new engine will effect a material saving of fuel—a reduction of about 40 per cent from the present consumption. Preparations will be made for putting in the new plant immediately upon the arrival of the engine.

Geo. W. Jenkins, editor of the Santa Maria Times, California, in speaking of the various ailments of children said: "When my children have cough there is only one patent medicine that I ever use, and that is Chamberlain's Cough Remedy. It possesses some medicinal properties that relieve the little sufferers immediately. It is, in my opinion, the best cough medicine in the market." If this remedy is freely given as soon as the cough appears it will prevent the attack. It is also an ideal remedy for whooping cough. There is no danger in giving it to children, as it contains nothing injurious. For sale by H. C. Hitchcock, druggist.

BENEFIT

Cemetery Improvement Association.

Grand Entertainment

PARKER'S HALL,
Thursday, Feb. 18th.

A musical programme, including the charming character quartette, "The Professor at Home," followed by a most laughable farce-comedy, entitled "A Box of Monkeys."

CAST OF CHARACTERS.

Headman Rice and McVelly,
Misses Rogers and Standfield,
Dr. Fox and Lord and Mr. Schindler.
A social will follow and the delectable of lunches in paper bags will be served at the moderate price of 50 Cts. Coffee.

Admission, 50 Cts.
Reserved Seats, 75 Cts.
Tickets for sale at Hitchcock's Drug Store.

Cure for Headache.

As a remedy for all forms of headache, Electric Bitters has proved to be the very best. It effects a permanent cure, and the most dreaded habitual sick headaches yield to its influence. We urge all who are afflicted to procure a bottle and give this remedy a fair trial. In cases of habitual constipation, Electric Bitters cures by giving the needed tone to the bowels, and few cases long resist the use of this medicine. Try it once. Fifty cents and \$1.00 at H. C. Hitchcock's drug store.

Members of the Globe Social Club will please note the change in the date of the first party, from Feb. 20 to Feb. 13—next Saturday night.

STOCKHOLDERS MEETING.

The regular annual meeting of the stockholders of the Old Dominion Commercial Co., will be held at their office in Globe, on the 26th day of February, 1897, for the purpose of electing officers for the ensuing year, and to transact such other business as may be deemed necessary.

By order of the
Geo. W. P. Hunt, Secy. PRESIDENT.

Advertised Letters.

Letters remaining in the postoffice of Globe, A. T., for the month ending February 9, 1897:
Carrigan, J. P. Hessel, Miss Lizzie
Carl, Jos. Land, Frank—2
De Voe, J. E. Tappa, John
Fanning, Jas. H. Wade, Mr.
Goodwin, Dan. Warg, Gustav—5
Halloway, W. T. Grogan, J. N.—3
Hawkins, Miss A.

CANTER MEXICANOS.

Lopes, Toribio Sierra, Miguel
Molina, Manuel S. Torres, Tibaldo G.
Persons calling for the above letters, please say "advertised."

JOHN F. CHAMPTON, P. M.

The popularity of Chamberlain's Cough Remedy and the high esteem in which it is held leads us to believe it to be an article of great worth and merit. We have the pleasure of giving the experience of three prominent citizens of Redondo Beach, Cal., in the use of the remedy. Mr. A. V. Trudell says: "I have always received prompt relief when I used Chamberlain's Cough Remedy. Mr. James Orchard says: "I am satisfied that Chamberlain's Cough Remedy cured my cold." Mr. J. M. Hatcher says: For three years I have used Chamberlain's Cough Remedy in my family and its results have been satisfactory." For sale by H. C. Hitchcock, druggist.

METHODIST EPISCOPAL CHURCH

REGULAR SERVICES.
Sunday mornings, preaching at 11 o'clock.
Sunday evenings, at 7:30 o'clock, preceded by Praise service.
Sunday school at 10 o'clock a. m. All are invited.

REV. LOWELL L. ROGERS, Pastor.
Church and parsonage near the SILVER BELT office.

FINE TAILORING.

To my patrons and the public: I will be in Globe about Feb. 10th to 15th, with a full line of samples of the latest style goods for spring and summer, including novelties in Scotch plaids and French coatings.

I also have a complete line of shirtings in zephyr, madras, and Scotch flannels. All our goods are of the highest quality, and workmanship unsurpassed. Respectfully,
TOM DAVIS.

Representing BRIDGE, DAVIS & Co., Merchant Tailors, Chicago.

Bucklen's Arnica Salve.

The Discovery saved His Life.
Mr. G. Caillouette, druggist, Beaverville, Ill., says: "To Dr. King's New Discovery I owe my life. Was taken with La Grippe and tried all the physicians for miles about, but of no avail and was given up and told I could not live. Having Dr. King's New Discovery in my store I sent for a bottle and began its use and from the first dose began to get better, and after using three bottles was up and about again. It is worth its weight in gold. We won't keep store or house without it." Get a free trial bottle at H. C. Hitchcock's drug store.

Notice!
All accounts not settled on pay day will be stopped and collected. Liberal discount on C. O. D. sales.

An Old Settler.

When the rheumatism first preys certain tracts of your anatomy it may be ousted easily, but when it becomes an old settler it is pretty hard to budge. Remember this when you experience the first twinges of this obstinate and agonizing disease and attack it with Hostetter's Stomach Bitters. It will then "make tracks," and possibly leave you unmolested and in peaceable possession of your own comfort in the future. Peril always attends rheumatism, if it becomes chronic, on account of its tendency to attack the heart. Usually it is complicated with kidney trouble. Certain it is that the kidneys, when aroused by the Bitters, will eliminate impurities which give rise to rheumatism and dropsy. In inclement or wet conditions of the weather, the Bitters, taken in advance, will often avert rheumatic trouble. Use this genial family medicine for dyspepsia, biliousness, headache and constipation.
